Crednology Holding Corp's Subsidiary, ScoreNavigator, Enters into Agreement with TransUnion for Consumer Reporting

Company Rolls Out New Pricing Plan for Consumers

GRAY, GA. September 11, 2013 Crednology Holding Corp (OTC PINK: COHO) a leading provider of technology and software to the credit industry and which provides developmental solutions worldwide for real estate professionals, mortgage originators, property management and financial advisers is pleased to inform shareholders that the Company has entered into an Agreement with TransUnion for Consumer reporting.

Under the terms of the Agreement, ScoreNavigator will have access to TransUnion's credit data for consumers. ScoreNavigator will provide consumers with their **Complete Credit File** directly from this data. The Company's Point Deduction Technology™ then analyzes the file and assigns a point deduction to the accounts that are affecting the consumer's credit score along with a simple recommendation to re-claim those lost points.

"We are extremely pleased to have reached this milestone whereby TransUnion is granting us access to their data," said Rusty Bresse, Chief Executive Officer of Crednology Holding Corp. "Our experience in the credit industry shows that TransUnion provides the most up to date and accurate information. These factors along with the capabilities of our proprietary software will help us build ScoreNavigator into a household name in the Credit Industry for consumers and businesses."

The Company anticipates that many of its recent announcements, including the recently announced agreement with The International Women's Leadership Association, the CEO's presentation at the National Advisor Conference, as well as a soon to be announced agreement with one of the largest rental agencies will lead to a significant increase in revenue during the fourth quarter of this fiscal year.

Simultaneous with the execution of the new TransUnion Agreement, the Company has rolled out a new pricing plan for its ScoreNavigator customers. Customers will now have the option to sign up for price reduced 3, 6 or 12-month plans, so they may follow the progress in the improvement of their credit score without having to pay for a one time report on each occasion.
